

Saint John of God Community Services clg

Chief Executive's Office

This is Clare Dempsey, CEO of Saint John of God Community Services.

I want to update you on two topics at this difficult time.

1. Saint John of God Community Service is continuing to work hard to keep everyone safe during the Corona Virus.

Our staff and volunteers are working very hard to keep the men and women we support very safe.

Feidhmeannacht na Seirbhíse Sláinte
Health Service Executive

We are using all advice from the HSE and from the National Public Health Emergency Team (NPHE).

I would like to thank our staff and volunteers.

2. I also want to tell you about our talks with the HSE.

Our board has decided to postpone the discussions with the HSE around funding because of the Covid 19 emergency.

We know that the lack of funding is still very serious.

We will continue to work hard with the HSE to reach an agreement in the future

We will continue to do all we can to help everyone during this crisis.

We will continue to update you on these two issues.

We are sending you and your families our best wishes for the coming weeks.
